ROADSIDE ASSIST & WOF*

The LDV T60 Max Plus, a powerful, versatile ute designed to effortlessly transcend between work and family life. This supremely dedicated all-rounder is durable and dedicated to getting the job done on weekdays, but also stylish and comfortable for family adventures when the weekend rolls around.

PACKS A PUNCH

Its powerful bi-turbo 2.0 diesel Euro V Engine delivers an impressive 160kW of power and an immense 500Nm of torque - making the T60 MAX Plus one of the most powerful in its class. This ute can also easily perform all duties, with a 3-tonne braked towing capacity, 8-speed transmission and four-wheel-drive.

BUCKLE UP

The Electric Power Steering adds comfort and confidence when you're driving in and out of town. Add in a long list of safety features including Lane Keep Assist, Adaptive Cruise Control, 360° Around View Camera, Front and rear parking sensors and Autonomous Emergency Braking and its clear the T60 Max Plus has your best interests at heart.

BELLS & WHISTLES

The interior has been designed with ergonomics in mind with all your key functions easily within reach. It doesn't miss out on any luxuries, with leather-trimmed upholstery and 6-way electronic adjustment, heated front seats, which make those early winter mornings much more pleasant. Bright, dual 12.3" displays now conveniently house your infotainment and key driver information. A Wireless Mobile Charging Pad, means you can easily achieve mobility for your business and keep the kids happy on family holidays.

Disclaimer: Safety technologies may not operate optimally under all driving conditions, operation and effectiveness depends on many factors. Driver is responsible for safe and attentive driving. Safety technologies are not a substitute for the driver's control over the vehicle. See owner's manual for complete details. Payload and tare weight figures are based on vehicle certification. It is the driver's responsibility to ensure: weight of fully loaded vehicles do not exceed GVM; front and rear axle load limits are not individually exceeded; the combined weight of the fully loaded vehicle (including tow ball download when towing) and trailer does not exceed the GCM; compliance to New Zealand towing regulations. Payload is the combined value of occupants, luggage, cargo, added options, accessories and tow ball download (when towing). Tare weight includes the vehicle with 10 litres of fuel and all standard equipment excluding occupants. Additional weights of optional features, occupants, luggage, cargo, accessories and tow ball download (when towing) must be taken into account when calculating payload and tare weight. When a genuine tow bar with wiring is fitted, and trailer is attached, parking sensors will be disabled.

*The warranty is valid for vehicles registered on or after 1 January 2025 and covers a period of 7 years or 200,000km (whichever comes first) for Internal Combustion Engine (ICE) powered vehicles or 7 years or 160,000km (whichever comes first) on Electric Vehicles (EVs), starting from the date of first registration. It covers manufacturing defects caused by issues such as design, assembly, or raw materials in covered parts but excludes routine maintenance, wear-and-tear items, and damage caused by misuse, accidents or unauthorised repairs. To maintain the warranty, the vehicle must be serviced as per the maintenance schedule set out in the Service & Warranty Booklet. Warranty claims require proof of purchase and service records. The initial Warrant of Fitness (WOF) is provided at vehicle registration, with subsequent annual inspections required from the 3rd year. This warranty covers the subsequent WOF inspections at years 3, 4, 5, 6, 7 at an LDV Authorised Service Centre. This warranty complies with local laws and does not limit or exclude your statutory rights under the Consumer Guarantees Act. For full details, visit <https://ldv.co.nz/warranty/>.
